Acromag [®]
THE LEADER IN INDUSTRIAL I/O

Signal Conditioning
Embedded I/O Solutions

DiaphragmPumps | Lift Station
Monitors Custom Panels

Portable and Rack-Mount Condition/Vibration
Monitoring Systems | Diagnostic Software

BLUESEN

Online Chlorine | Turbidity | pH | Conductivity
and Multivariable Analyzers

ELECTRO-CHEMICAL DEVICES

pH/ORP | Ion-Selective Electrodes
Dissolved O₂ | Online Analyzers

Chemical-Free Noninvasive Scale Biological
Treatment for Piping | Corrosion

Diaphragm Pumps
Automatic Grease and Oil Lubrication Systems

Honeywell

Toxic and Combustible Gas Detection
Flame Detection

Industrial-Grade Online Analyzers | Immersion Sensors -
pH, Level, TSS, Algae | Portable Monitors

Next-Gen Fixed Wireless Broadband Ethernet/
Serial and I/O Wireless | Cellular Industrial Radios

Lab Apparatus | Chemical Analysis Portable Test
Kits | Analytical Reagents

Industrial Tank Level Gauges | Vent Valves

Vibration and Proximity Sensors
Transmitters | Signal Conditioners

REOTEMP

Temperature and Pressure Instrumentation

Industrial and Hygienic
On/Off and Control Valves

Flow, Level, Temperature and Pressure
Measurement Instrumentation

Ultrasonic Remediation of Green/Blue-Green Algae
in Clarifiers, Ponds, and Reservoirs | No Chemicals
